

What You Can Do

1. Get the facts visit the NMEPC website regularly for updates www.savethenorwester.com
2. Communicate through our facebook page "NMEPC Wind Turbines don't belong next to where we live"
3. Sign up to be on our e-mail distributions list.
4. Talk to you friends and neighbors direct them to our website, encourage them to get involved and get the facts.
5. Learn more at our meetings held on the first Thursday of each month at the Neebing Community Centre.
6. Put up a sign – contact us through our website
7. Donate and/or support our fundraiser events.
8. Visit the Ministry of Environment (MOE) website for development on the Renewable Energy Approval (REA) www.ene.gov.on.ca
9. Voice your opposition. Write letters. *See reverse side for details*
10. Become an NMEPC committee member.
11. Promote alternative uses for the City owned land (i.e. recreational trails, a park, nature reserve etc).
12. Promote the protection of the Loch Lomond Watershed and the wetlands.
13. Preserve the Nor'Westers as a Natural Heritage Site.
14. Promote conservation. Conservation is by far the most effective in terms of operating costs, impact on the environment, our health, climate change, renewability, sustainability, local employment and benefit to future generations.

This is your land, your community and you can hold Horizon Wind accountable to the residents of Thunder Bay.

Don't let big business, government bureaucracy and our City strip you of your right to a fair and democratic process. Take action now! *Silence is consent.*

Thank you for your support.
